

Health Improvement & Innovation Resource Centre

HIIRC – your one-stop shop of trusted health information

Explore the Knowledge Library for the latest research, find individuals and organisations in the directories, try out some of the improvement tools, and read the latest news.

Topics include

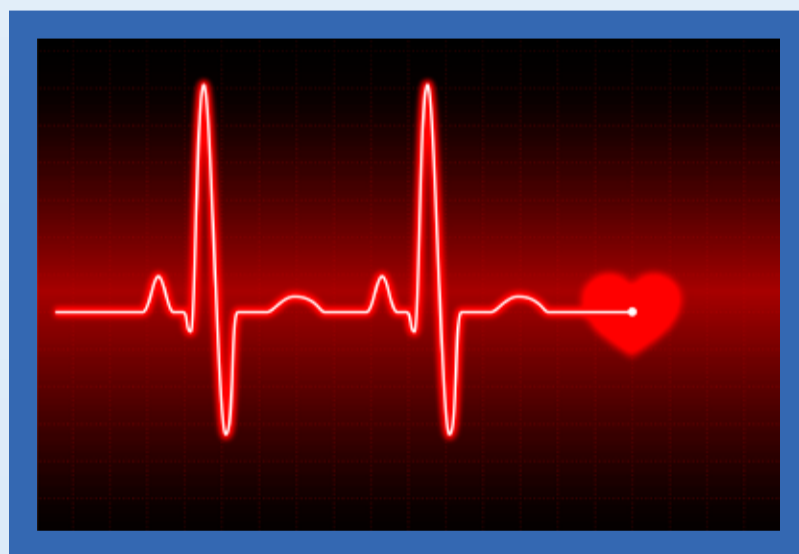

Hospital productivity

Primary health care

Access to elective services

Diabetes and cardiovascular services

As well as shorter emergency department stays, shorter waits for cancer treatment, smoking cessation, immunisation and quality improvement

You'll find something of relevance, whatever your specialty.
Become part of the HIIRC community today!
